Introduction

This is a 1-day turfgrass and landscape management workshop. It is designed to benefit turfgrass and landscape managers in lawn, parks, grounds, athletic field and golf course care. The course emphasizes sound research-based fundamentals in turf and landscape management for Oklahoma. Topics covered include Drought management, drought injury to ornamentals and trees, roadside weed control, turf irrigation concepts, turf disease diagnosis, use of the OSU Turfgrass Diagnostics Lab, the Mesonet spray advisor and mosquito management.

This course is a cooperative effort among the county, area and state extension educators of the Oklahoma Cooperative Extension Service and the Oklahoma State University. This course is provided as an education benefit to further professional career development of course attendees and help attendees to maintain their properties in excellent condition.

Targeted Audiences

♦ Commercial Lawn Care Operators
♦ Landscape Installers & Managers
♦ Golf Course Maintenance Personnel
♦ Parks, Grounds & Recreational Facility Personnel
♦ School Athletic Turf Managers

The program will be submitted for CEU review in Cat 3a: Outdoor Ornamentals and Turf, Cat 6: Right-of-way, Cat 8: Public Health and Cat 10: Demonstration and Research, CEU approval is pending.

Fee: $35.00 per individual

To ensure accuracy for meal count, you must pre-register by phone no later than January 6, 2012. Please call Beverly at 580-622-3016
